...THIS LAST "ALPHA" CHAPTER BADLY MARKS THE END OF MY FAVORITE H-MANGA/DOUJIN SERIES EVER - SLUT GIRL. DID SAYOKO "BORROW" THE MONEY FROM SATORU JUST TO HAVE AN EXCUSE TO STAY AT HIS PLACE AGAIN? OBVIOUSLY... BUT THE QUESTION REMAINS WHETHER IT WAS TO GET AWAY STRICTLY FROM THE YAKUZA, OR DID SHE MISS HIM/HIS "TOOL" AND WANTED A PRETENSE TO CONTINUE ON WHERE THEY LEFT OFF THE LAST TIME SHE LEFT HIM? WHO KNOWS... ??? MAYBE SHE WAS JUST BORED. ^_^

WHERE DID THIS "ALPHA" CHAPTER COME FROM? KODASHA PUBLISHING ASKED ISUTOSHI TO ADD A BONUS CHAPTER TO THE 2ND PRINTING OF THE SLUTGIRL VOLUME IN ORDER TO MAKE IT WORTHWHILE FOR COLLECTORS TO PICK IT UP. I HAVE INCLUDED THE PLACES YOU CAN PURCHASE THIS 2ND PRINTING FROM BELOW AND ISBN NUMBER FOR SLUTGIRL+α ON THE NEXT PAGE AS WELL.

I AM FAIRLY CONFIDENT ISUTOSHI LEFT THE INITIAL ENDING TO SLUT GIRL RATHER OPEN ON PURPOSE, SO ADDING A CLOSING/ENDING CHAPTER PROBABLY WAS NOT SOMETHING HE WANTED TO DO. I WAS SORTA BLUNDED WHEN I READ THIS ALPHA CHAPTER, BUT AFTER A 2ND LOOK, IT MAKES PERFECT SENSE. YET ONCE AGAIN, SAYOKO HAS WEASELED HER WAY INTO SATORU'S LIFE AND THE ENDING IS STILL WIDE OPEN. NOT AS IF WE CAN'T EXACTLY EXPECT A WEDDING DRESS FOR THIS INFAMOUS SLUT GIRL, NOW CAN WE? A RELIQUON IS BETTER THAN NOTHING AT ALL, RIGHT?!

^_^ THOR

(Thanks to online sources like Ultimate Manga Guide, Amazon.co.jp, and some loopy Google searches, I have compiled all the information below to the best of my ability. May not be 100% accurate or complete)

Isutoshi's published works in rough order of latest printing

Renge (series of H parodies)

Reviewed in compilation by GEFURBARE! (at least 4 volumes I know of)
PENGOL in Seinen: RENGOL Returns: RENGOL in Sex 1 and RENGOL in Sex 2
Reviewed (PENGOL) through (RENGOL)

I honestly know very little about the story behind the "RENGOL" series from Isutoshi. From what I have been told, there was a series of earlier works (quite a lot!) that were put together by/for him of Isutoshi for volume publishing. As to the extent of this "lost media" collection, I can only make assumptions as to how they were published, but they disappeared (either from some large distribution of public work, maybe from Isutoshi got them gradually clearing himself into finding a publisher, or creating a small-scale publishing company of their own if you have more info about that, drop me an email so I can update my info). The series themselves are almost all H-parodies of famous games/manga/books. As the titles indicate, series like Sakura Wars, Street Fighter, and Neon Genesis Evangelion were the basis of these H parodies. The artwork is there, it's wonderful, since they show a young/youngish route beginning of Isutoshi's work. Although I only got to this web site, I was once told that a live feed over at 4chan (I loved the 4chan) posted the full parodies. None of those are scanned, not all they probably ever be, due to their obvious copyright issues with the original series they make fun of. :)

Koukoku Paraia [High School Planet Prowler]

高国プロウラー

Serialized in *Yell Magazine*, released as 2 volumes (finished)

ISBN 4-06-926006-2 Released (2007/07/05)

A solid mix of comedy and adventures concerns for this strange group of characters, as they search for adventure. Currently not licensed for US com-bution. This printed packet with welcome box scenes (most are even more intense than those featured in *Star Girl*). My favorite! This 2 volume adaptation (probably Kubota's most personal work) is just a change in for US companies of late. The "it" is very hard with lots of group sex scenes, some "good" and some "bad" with a good amount of psychological insight in it as well. I guess they think US Americanized manga readers would not buy anything that does not have a sex scene on every page. (Says and we are thought of that way but maybe someday it will get picked up for US distribution by a forward thinking company. Not sure ^_^)

Project volume has "it" - after 10 pages with 1 chapter featured, not seen or released in the US. Little else ^_^

Serialized in *Yell Magazine*, released as 1 volume (finished). Star Girl published by One Comic/Star.

ISBN 4-06-926005-1 for Star Girl #1 Released (2007/04/05) by Kaseisha (Original 1 Volume from Fujio Press Co. is OGP out of print.)

The wild & spicy unbridled sexy adventures of the really Sexy Star, a.k.a. Star Girl. Star Girls is what it fun to read. Not sex + comedy. Despite is not so much a star, rather a star of people. She always looks, but can very well change her form. Poor Starla. Despite is high-ranking boy in the series is, only the one who should play in the series. Even though he gets to know Despite, and for that, Maria (aka Maria) Girl (Comic, not Star Girl), he is the one that always seems to get "sexed" in the end. ^_

Tendo Freeze or Tendo Freeze!

てんどうフリーズ

Serialized in *Afternoon*, released as 4 volumes (finished)

ISBN 4-06-926005-1 Released (2007/04/05) ISBN 4-06-926006-2 Released (2007/07/05)

ISBN 4-06-926007-3 Released (2007/10/05) ISBN 4-06-926008-4 Released (2008/01/05)

Tendo Freeze is another "body and the truth" - comedy with a beautiful psychic girl. Despite is not directly involving the bright atmosphere of a legendary hero. The top 3 (Lush) probably and used works as a kind of psychic power against the boys and others with special abilities. The simple psychokinesis of this series is what makes Tendo Freeze a fun. Lush is used by Kayla and others but is fully absorbed or it is not involved in it. It has some huge punch effects. This is the first mainstream set of (mostly) anime manga. However the anime version of course will also be, as nobody denies the Tendo Freeze is the best! Not get licensed, but hopefully one day.
